Let us help determine eligibility and benefits through TRICARE, the VA MISSION Act, and other in-network options.

Specialized Treatment Programs for Military & Veteran Support

HELPING THOSE WHO SERVE HEAL AND REBUILD

At The Meadows, we provide specialized, evidence-based care for active-duty military, veterans, and their families, focusing on PTSD, trauma, addiction, eating disorders, and co-occurring mental health conditions.

The Meadows Approach to Care for Lasting Recovery

Our care integrates medical and trauma treatment with a multidisciplinary team of psychiatric specialists, primary care providers, 24/7 nursing staff, dietitians, licensed therapists, and advanced therapies like neurofeedback to support deep healing.

What We Treat:

- Developmental trauma
- PTSD
- Process addictions such as gambling, sex, intimacy disorders, and compulsive behaviors
- Substance use disorders
- Bipolar disorders and depression
- Eating disorders
- Codependency
- Co-occurring issues
- Anxiety disorders such as obsessive-compulsive disorder, social phobia, and panic disorder
- Military sexual trauma
- Suicidal ideation

Our programs are designed to address a variety of issues, including:

What We Offer:

- EMDR
- 12-Step model
- Experiential therapy
- Internal Family Systems (IFS)
- Somatic Experiencing®
- Extensive neurofeedback
- Equine-assisted therapy
- Sensorimotor psychotherapy
- Expressive art therapy
- Wellness and holistic therapies

We offer individualized therapeutic modalities with a specialty in PTSD, including:
